

RESERVE MANAGEMENT GROUP

FOR IMMEDIATE RELEASE

6/3/2009

Reserve Management Group through its new formed affiliate, Reserve Alloys, LLC, is pleased to announce the purchase of the bulk of the assets of the former Commercial Alloys Corporation and certain of its affiliates. Reserve has purchased the Twinsburg, Ohio and Jacksonville, Florida operations along with the entire Commercial fleet of trailers and roll off equipment, and plans to offer industrial scrap purchasing, custom processing, brokerage and sales of all grades of aluminum as well as other grades of non ferrous and ferrous scrap.

Reserve Management Group (RMG) is a family of distinct but related businesses involved in recycling, scrap metal processing (Ferrous Metals, Non Ferrous Metals, Electronic Scrap), material handling, equipment sales and purchasing, and property management. While each business operates independently, customers benefit from synergies among affiliates and joint venture business units. RMG has in excess of 250 employees with operations in six states. For more information please see Reserve Management Group's web site at www.reserve-group.com
